Notify Owner Before Disconnect Program Signup

Property owners, did you know you can sign up to be notified before East Central Iowa REC disconnects a meter at your property?

If you are an owner of rental property or properties that reside in ECI REC's service area and receive electricity from ECI REC, you can request to be notified prior to a meter disconnect while you are renting out the property.

Tenants occasionally contact ECI REC to disconnect the meter when they are moving out. Or, a renter may have late bill payments that could result in meter disconnection. In certain situations and weather conditions the owner may want to avoid the disconnect. By requesting to be contacted before a disconnect, you will receive notification of pending disconnect.

Note that ECI REC cannot give out detailed information regarding a renter's account.

Simply contact us by email at csr@ecirec.coop, phone at 877-850-4343, or complete the form below and return it to us at the address on the top of the form to sign up for the notification program. You may also go to ecirec.coop and complete the form electronically.
