ABOUT CIPCO

Central Iowa Power Cooperative (CIPCO) is a member-owned, not-for-profit electric cooperative that generates and transmits power to 13 member-owned rural electric cooperatives and associations. CIPCO, Iowa's largest cooperative energy provider, celebrates over 70 years of providing power to Iowans.

Member Systems' service territory:

- stretches 300 miles diagonally across Iowa.
- includes approximately 298 member substations and roughly 2,000 miles of transmission lines.
- distributes power to nearly 300,000 Iowans in 58 counties.
- serves more than 12,000 commercial and industrial accounts.

CIPCO maintains a balanced energy portfolio and ownership of electric generation assets, which positions the cooperative for price stability. More than 60 percent of our generation portfolio is from carbon-free resources*.

As a Touchstone Energy® Cooperative, CIPCO joins forces with more than 750 electric cooperatives in 46 states delivering energy and energy solutions to more than 30 million members every day.

*All or some of the renewable energy credits associated with this generation may have been sold or may be sold in the future, to other parties, or may be used to comply with future regulatory requirements.

This institution is an equal opportunity provider and employer.

WESTERN AREA POWER ADMINISTRATION 1

- Federal Power Marketing Authority
- Dams on Missouri River in Montana, North Dakota and South Dakota
- 14MW purchase power contract
- Hydroelectric power source

HANCOCK COUNTY WIND ENERGY CENTER 2

- Located near Garner, Iowa
- Owned & operated by NextEra Energy
- 2MW purchase power contract
- Production began in 2002

RIPPEY WIND FARM 3

- Located near Grand Junction, Iowa
- Owned by Rippey Wind Energy LLC
- 50MW purchase power contract
- Production began in 2012

STORY COUNTY WIND ENERGY CENTER 4

- Located near Colo, Iowa
- Owned & operated by NextEra Energy
- 42MW purchase power contract
- Production began in 2008

HAWKEYE WIND FARM 5

- Located near Hawkeye, Iowa
- Owned by Bethel Wind Energy Center LLC
- 36MW purchase power contract
- Production began in 2012

ELK WIND FARM 6

- Located near Greeley, Iowa
- Owned by Elk Wind Energy LLC
- 41MW purchase power contract
- Production began in 2011

PIONEER GROVE WIND FARM 7

- Located near Mechanicsville, Iowa
- Owned by Acciona Windpower
- 6MW purchase power contract
- Production began in 2012

LINN COUNTY SOLID WASTE AGENCY 8

- Located near Marion, Iowa
- Owned by Linn County
- 1.6MW purchase power contract
- Production began in 2013

*In addition to this list, CIPCO receives more than 15MW of wind generation through PURPA contracts.

GENERATION

CIPCO continues to aggressively pursue viable alternative energy resources and energy efficiency programs to meet members' needs in a cost effective, reliable and environmentally responsible manner.

SUMMIT LAKE

- Located in Creston, Iowa
- Natural gas & oil fueled generation plant
- Accommodates peaking load
- Owned and operated by CIPCO
- 80MW generation capacity
- Constructed in 1952
- Acquired by CIPCO in 1968

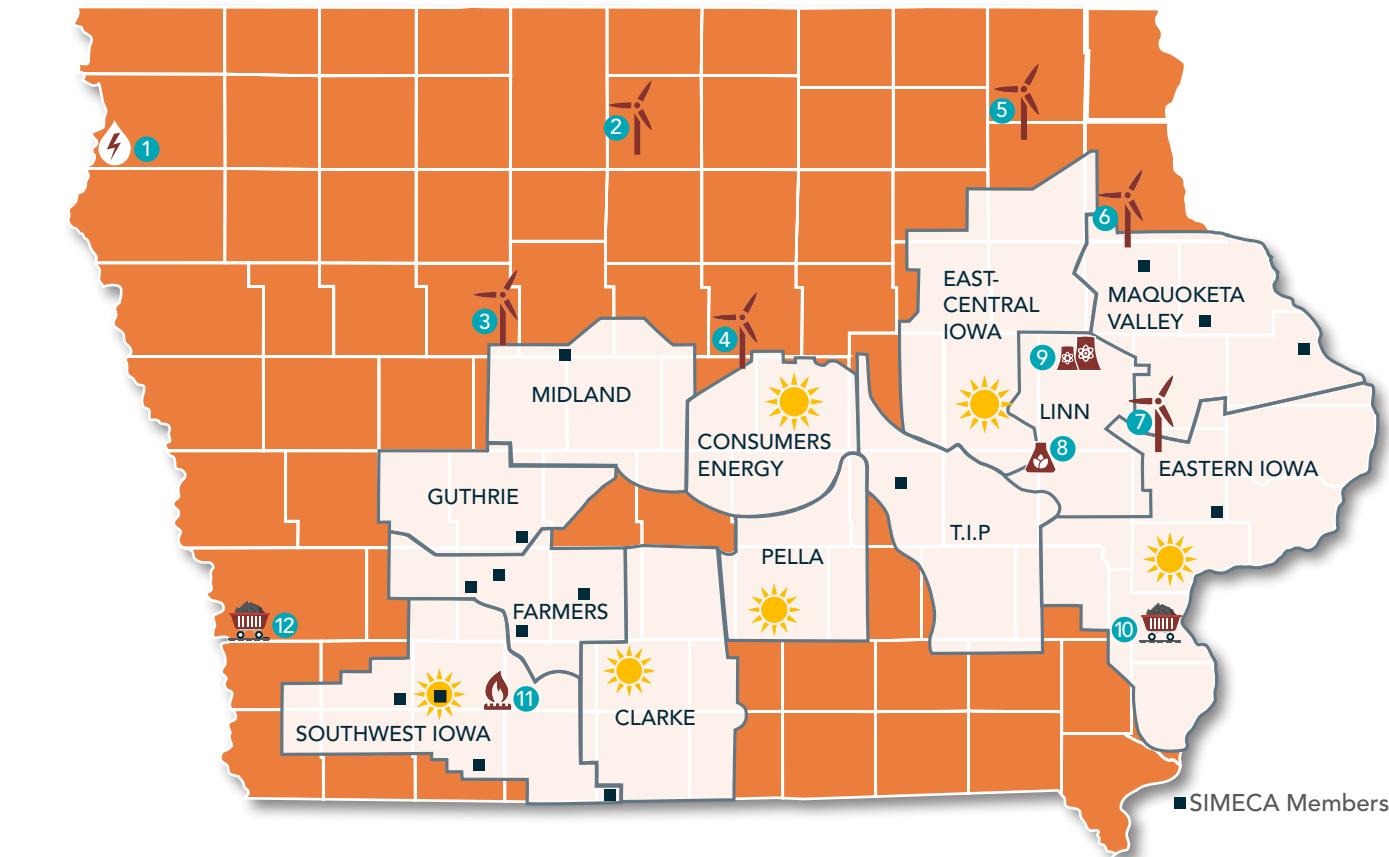

11

SOLAR

- Located on six member sites: Corning, Marshalltown, Osceola, Pella, Urbana and Wilton
- Photovoltaic system
- Owned and operated by CIPCO
- 6.4MW generation capacity
- Construction in 2016 & 2017

NEXTERA ENERGY DUANE ARNOLD, LLC

- Located near Palo, Iowa
- Nuclear fueled generation plant
- Co-owned by CIPCO – 20%
- Operated by NextEra Energy
- 600MW generation capacity
- Production began in 1974

9

LOUISA GENERATING STATION

- Located near Muscatine, Iowa
- Coal fueled generation plant
- Co-owned by CIPCO – 4.6%
- Operated by MidAmerican Energy
- 745MW generation capacity
- Production began in 1983

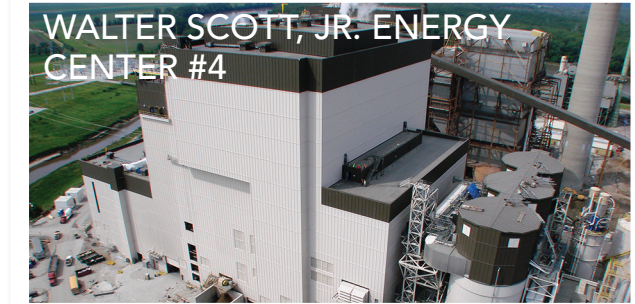

10

WALTER SCOTT, JR. ENERGY CENTER #3

WALTER SCOTT, JR. ENERGY CENTER #4

- Located in Council Bluffs, Iowa
- Coal fueled generation plant
- Co-owned by CIPCO – 11.5% at plant #3 and 9.55% at plant #4
- Operated by MidAmerican Energy
- 1,530MW total generation capacity
- Production began in 1979 (#3) and 2007 (#4)
