Choose the Heat Plus Rate for Winter Savings

From October 1 to May 31, ECI REC offers a special Heat Plus rate that can save qualifying members up to 50% on winter heating bills.

The current rate is \$0.05/kWh. To qualify for the Heat Plus rate, your heating system must:

- » Be electric and metered separately.
- » Use the primary electric heating source first, with the backup system operating only when the primary system is unable to satisfy the indoor thermostat setting.
- » Use the primary electric system to heat an area of 400 square feet or more.
- » Use an electric water heater to provide 100% of the domestic water heating for the home (except for the energy supplied from an electric heat pump desuperheater).

Call 877-850-4343 to see if your home, office, business, or shop qualifies for these savings!
