

HELP US FIND THESE FORMER MEMBERS

Last September, the Board of Directors of East-Central Iowa Rural Electric Cooperative voted to retire \$453,324 in patronage back to its members. These margins represent 100% of its 2008 margins. They were credited to current members on their October bills. Former members were sent checks. The 90-day window to cash these checks has now passed, and the people listed below have not yet cashed their checks. These former members are in addition to those listed in the March/April *Heartland Link*. You may view both listings on ECI REC's website at: ecirec.coop/help-us-find-these-former-members-4.

These dividends will be forfeited to the Cooperative if not claimed within one year.

If you know of someone listed below, please contact that person, or their next of kin, and ask them to contact our office. ECI REC will require personal identification and/or legal documentation from these people to confirm their membership before dividends can be claimed. Please do not contact ECI REC unless you have the necessary documentation for the member listed. This list was current at the time of this printing.

East-Central Iowa Rural Electric Cooperative is an equal opportunity provider and employer.

Plant the Right Tree in the Right Place

When spring arrives, landscaping season follows. If you're adding trees this year, consider your power lines. The wrong tree in the wrong place can be a hazard.

For more tips on smart tree planting in your community, contact your local electric cooperative or visit www.ArborDay.org.

Happy Arbor Day!
Friday,
April 26

April Is Safe Digging Month!

Be Safe. Always call 811 before you dig to locate any buried utility lines.

Know what's below.
Call before you dig.

LARGE TREES

Height/spread of more than 40 feet, such as:

- Maple
- Birch
- Oak
- Sweetgum
- Spruce
- Linden
- Pine

MEDIUM TREES

Height/spread of 25 to 40 feet, such as:

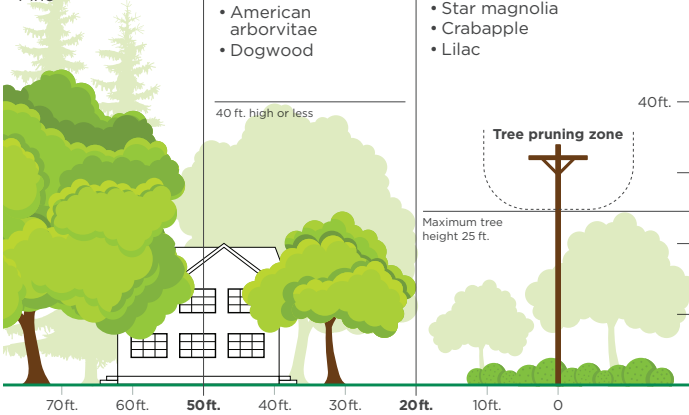

- Washington hawthorn
- Goldenrain tree
- Eastern redbud
- American arborvitae
- Dogwood

SMALL TREES

Avoid planting within 20 feet of power lines. When planting within 20 feet is unavoidable, use only shrubs and small trees.

Height/spread of no more than 25 feet, such as:

- Star magnolia
- Crabapple
- Lilac
